Libby,

As I mentioned in my email to Lindsay on Friday. I couldn't edit in the share point file. I am attaching my comments. You can add them to the file or you send them forward separately. I am happy to discuss them with you.

OR's draft MDV for Mercury. They now plan to public notice on September 16, so would like our comments by Aug 2. I told them we could try but that is a very tight turn around. Please take a look and comment when you can and I will try to arrange an internal call to talk through comments on the week of July 29. Thank you all for your continued support!

This link will work for anyone in Environmental Protection Agency (EPA).
